**I**n keeping with our mission—to *foster student success through service to students, schools, and the community*—the Sonoma County Office of Education (SCOE) provides this Directory of Sonoma County Schools as a resource for our county.

To make information about our county’s schools and districts as accessible as possible, we maintain a “Find a School” page on our website that provides contact information for every school in the county. You’ll also find a searchable PDF of our Schools Directory available for download. Please visit **[www.scoe.org](http://www.scoe.org)** to take advantage of these cost-effective ways to access public school contact information.

A hard-copy of this publication is available free-of-charge to local education and nonprofit personnel. Copies may be purchased by the public for \$3 each. An additional \$3 per copy postage fee is charged if mail delivery is requested.
